

Valuing Life Gives You Courage.

Hsinchu Prison held a specific speech at 9:30 am on April 8. The topic was “Valuing Life Gives You Courage”, which was given by Mrs. Liu Ji-hua and Mr. Liu Cheng-wei. The speech began with a film about the story of “Courageous Doll”. Mrs. Liu created the “Courageous Doll” for her son, who was afraid of going to school. She hoped her son could face different difficulties courageously by carrying the Courage Doll around. She afterward promoted her creation, helping more people obtain courage and pacifying the broken hearts. Mrs. Liu suffered breast cancer in 2013, but she didn’t give up. Instead, she tried hard to face the challenge of life.

By listening Mrs. Liu’s life story, we hoped that inmates could be inspired, face the mistakes they made and live a new life with courage.
