

## Mother's Day Phone Call Reunion

Hsinchu Prison, agency of Corrections, Ministry of Justice set a "Mother's Day Phone Call Reunion" activity at 9 am to 4 pm on April 28, 2016. In order to sympathize the inmates' feelings, this activity let them release the homesick to their family. The activity displayed the kindness and human rights of prison. We hoped this phone call reunion could comfort inmates' depressed mood in prison and let them pay attention to their family relationship. A total of 50 telephones were provided by Chunghwa Telecom, and inmates could use the telephone in free. On the day of the phone call reunion, the inmates communicated with their family enthusiastically, and they all brimmed over with satisfaction. Through the phone call reunion, we hoped the inmates could stabilize their homesick feelings and turn over a new leaf.
